## SHARPEN YOUR NUTRITIONAL APPROACH

This 100-hr post-graduate certification in Applied Clinical Nutrition provides a solid foundation in whole food nutritional education while granting recognition and credit for time spent in continuing education seminars and online courses. This nationwide program is a collaborative effort between Whole Food Practice and Texas Chiropractic College (TCC) and is designed for Licensed Healthcare Practitioners (some exceptions considered).

## 100-HOUR WHOLE FOOD NUTRITION ACN CERTIFICATION PROGRAM

- 60 Hours CEU Seminar or Online Course Participation
- 20 Hours Directed Study
- 20 Hours Elective Independent Study
- Online Final Exam (100 Points)

1

### CEU STUDY

The ACN includes 6 CEU courses totaling 44 hours. Add CEU webinars, seminars or online courses to complete your study.

2

### DIRECTED STUDY

Your welcome box includes physical books, as well as online modules that cover foundational nutrition topics.

3

### INDEPENDENT STUDY

Select from a large assortment of free electives on our site, or choose courses or materials that suit your personal interests.

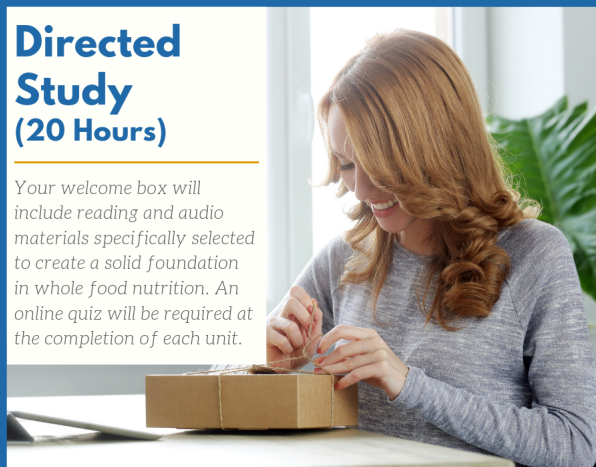

## Continuing Education Seminars (60 Hours)

CEU seminars sponsored by TCC or other accredited chiropractic colleges constitute  $\frac{2}{3}$  of this program. These credits can be from nutrition-related seminars and/or online programs that meet this criteria. Enrollees are welcome to choose their seminar topics.

## Directed Study (20 Hours)

Your welcome box will include reading and audio materials specifically selected to create a solid foundation in whole food nutrition. An online quiz will be required at the completion of each unit.

## Elective Independent Study (20 Hours)

Elective study hours allow the enrollee to customize their certification experience with approved nutritional books, webinars, teleconferences, study groups, articles or written research, case study submissions, health-related movies and audio programs, concurrent college courses or certifications or conference attendance.
